This book encompasses the multi-facets of philosophical thoughts, both oriental and occidental, from a scholar with a rare combination of academic proficiency in science, literature and philosophy. Beginning with Epistemology and Metaphysics, the book takes the reader into the far reaches of the Philosophy of Science and then in the realm of Philosophy of Art. The author's innermost perceptions are reflected in the article 'A Philosophy of My Own', included in the Epilogue.

This book covers a vast expanse of topics. It is perhaps the most comprehensive collection of articles covering the multi-aspects of philosophy.

Dr. Pradip Kumar Sengupta is a renowned scholar of philosophy who retired as a Professor of Philosophy at Visva-Bharati University. He is the author of several books on philosophy. He is presently associated with numerous prestigious academic institutions pursuing philosophical research and is a well-known speaker on the subject.
