## GADĀDHARA'S THEORY OF OBJECTIVITY

Viṣayatāvāda Part One and Two

*Sibajiban Bhattacharyya*

This edition of Gadādhara's *Viṣayatāvāda* contains the original Sanskrit text, its English translation and commentary by Professor Sibajiban Bhattacharyya. Gadādhara's style is very complicated, using, as he does, the latest techniques of Navya-Nyāya. In his efforts to guide the reader through this difficult text Professor Bhattacharyya provides a useful introduction and explanatory notes.

Part One presents a general introduction to Navya-Nyāya concepts.

Part Two carries the text, closely followed by the English translation and explanation.

*Professor Sibajiban Bhattacharyya* taught philosophy for more than forty years in different universities in India and abroad. He has published papers in journals, anthologies, encyclopaedias, both Indian and foreign. He has also published books and edited books and journals of philosophy for some time. Bhattacharyya was General President of the Indian Philosophical Congress in 1989. He is at present Visiting Professor of Philosophy in the University of Burdwan, West Bengal.
